

RYCO FILTERS

FITTING INSTRUCTIONS FOR RYCO CABIN FILTER RCA192P.

AUDI A4 (B8), A5 (8T) & Q5 (8R)

1. The cabin air filter is located in the passenger footwell right below the glove box compartment.
2. Slide the passenger seat to the maximum furthest position to allow for working space. Get yourself in the footwell area and identify the plastic trim against closest to the firewall, there are a couple of plastic screws that can be undone by hand.
3. Remove those screws and pull the trim out then the cabin air filter housing will be accessible. Slide the housing lid lock to one side and removed it.
4. Grab and slide out the old cabin air filter carefully to avoid any accumulated debris from being spread around. Clean the area and insert the new filter making sure it is facing in the right air flow direction. Refit all components in reverse order.
